Murphy Exploration & Production Company v. Quivira Gas Company; Notice of Amendment to Complaint and Request for Refunds and Investigation of Transportation Rates

March 12, 1996.

Take notice that on February 29, 1996, Murphy Exploration & Production Company (Murphy Exploration), P.O. Box 7000, Eldorado, Arkansas 71731-7000, filed in Docket No. CP95-735-001 an amendment to its complaint and request for refunds and investigation of transportation rates against Quivira Gas Company (Quivira) filed September 5, 1995, in Docket No. CP95-735-000 (Complaint).

Murphy Exploration asserts that since its Complaint was originally filed in this proceeding, additional information has been received by Murphy Exploration which clearly demonstrates that Quivira's charges to Murphy Exploration as well as Quivira's interference with Murphy Exploration's exercise of its extraction or processing rights were and are discriminatory in violation of section 5 of the Outer Continental Shelf Lands Act (OCSLA). Murphy Exploration also asserts that Quivira's rates and restrictions on access through interference with producer rights to the liquids and liquefiables removed from the gas stream violates the Commission's Policy Statement issued February 28, 1996, in Docket No. RM96-5-000.¹

Murphy Exploration states that it adopts and incorporates by reference all allegations and arguments in its September 5, 1995 Complaint to include

additional allegations to reflect recently uncovered evidence against Quivira.

Any person desiring to be heard or to make a protest with reference to the amendment to Murphy Exploration's complaint should file with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, a motion to intervene or protest in accordance with the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214). All such motions, together with the answer of Respondent to the complaint and motions, should be filed on or before March 21, 1996. Any person desiring to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and available for public inspection.

NorAm Gas Transmission Company; Notice of Petition for Waiver of Tariff Provision

March 12, 1996.

Take notice that on March 6, 1996, NorAm Gas Transmission Company (NGT) filed a petition for a waiver of the April 1, 1996, effective date for its annual crediting filings pursuant to Sections 5.7(c)(ii)(2)(B) and 23.7 of the General Terms and Conditions of its FERC Gas Tariff. NGT seeks permission to file to make such credits, if any, effective May 1, 1996.

NGT states that it is seeking this waiver because of the administrative burden and difficulty experienced in closing its books, compiling the required twelve months of data, and preparing the filings within the shortened time period required to meet an April 1 effective date.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before March 19, 1996. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the

Commission and are available for public inspection in the public reference room.
